Estimation Approach

We created a quick WBS, assigned single best-effort hour estimates per task based on scope/complexity and owner expertise, reserved 1.5h per person per week for rituals (Wed TA + Wed/Fri stand-ups), and capped the plan at 35h over two weeks.

- **Rituals:** Wed TA (0.5h) + Wed stand-up (0.5h) + Fri stand-up (0.5h) per person per week (1.5h/week).

Total Estimated Hrs: 36 hrs
ACTUAL HOURS: 44 hr
